Hope!

Message From The Founder

This is one word that I will use to describe the last three months. After falling behind in the previous quarter, we took one step forward. We organized a summer camp and received appreciation for our work from the Raigarh district office.

We also received enormous support from our family and friends to continue our work!

Kushal

Summer Camp - Sports Event

The camp was conducted in Raigarh Stadium where more than 27 children participated. Children played a game of frisbee for 36 minutes with a final score of 18-8. It was the first time many children visited the stadium.

Sports Event- Review

"I did not wanted to come back from the stadium"
- Duggu

" I was so nervous and excited that I was not able to sleep the whole night before the event "
-Anisha

"Thank you for inviting me as a chief guest. I observed that children were solving their own conflicts without a referee. Also that boys and girls were playing together "

-Kanak Mam, Middle School Chiraipani, Raigarh

Success Story

Ansh
5th Grade
Primary School
Krishnapur

When we first met Ansh he had no friends. Often we would find him picking up fights with other children trying to protect his younger brother.

The girls in his class also did not like him telling "Yeh to Zero Hai, Zero. Not Hero".

Overall, you could call him the weird kid in the classroom sitting all by himself.

After regularly attending Monkey Sports Sessions, he became better at interacting with others. He tells that now he regularly interacts with Kavita, Mahima and other girls in his school.

Ansh's mother tells that before he would not go outside the home to play but now he has started to play with other children in the neighbourhood and has made new friends.

However, when he asked him what he wanted to become when he grows up, he tells that he wanted to do daily wage labour work like his parents.

We realized that while Ansh has gained some social skills, we also need to act better as role models to improve his confidence and belief to achieve better in life.

A token of appreciation by the Collector for our work in Raigarh district.

Speaking to 150 high school headmasters about Monkey Sports' work.

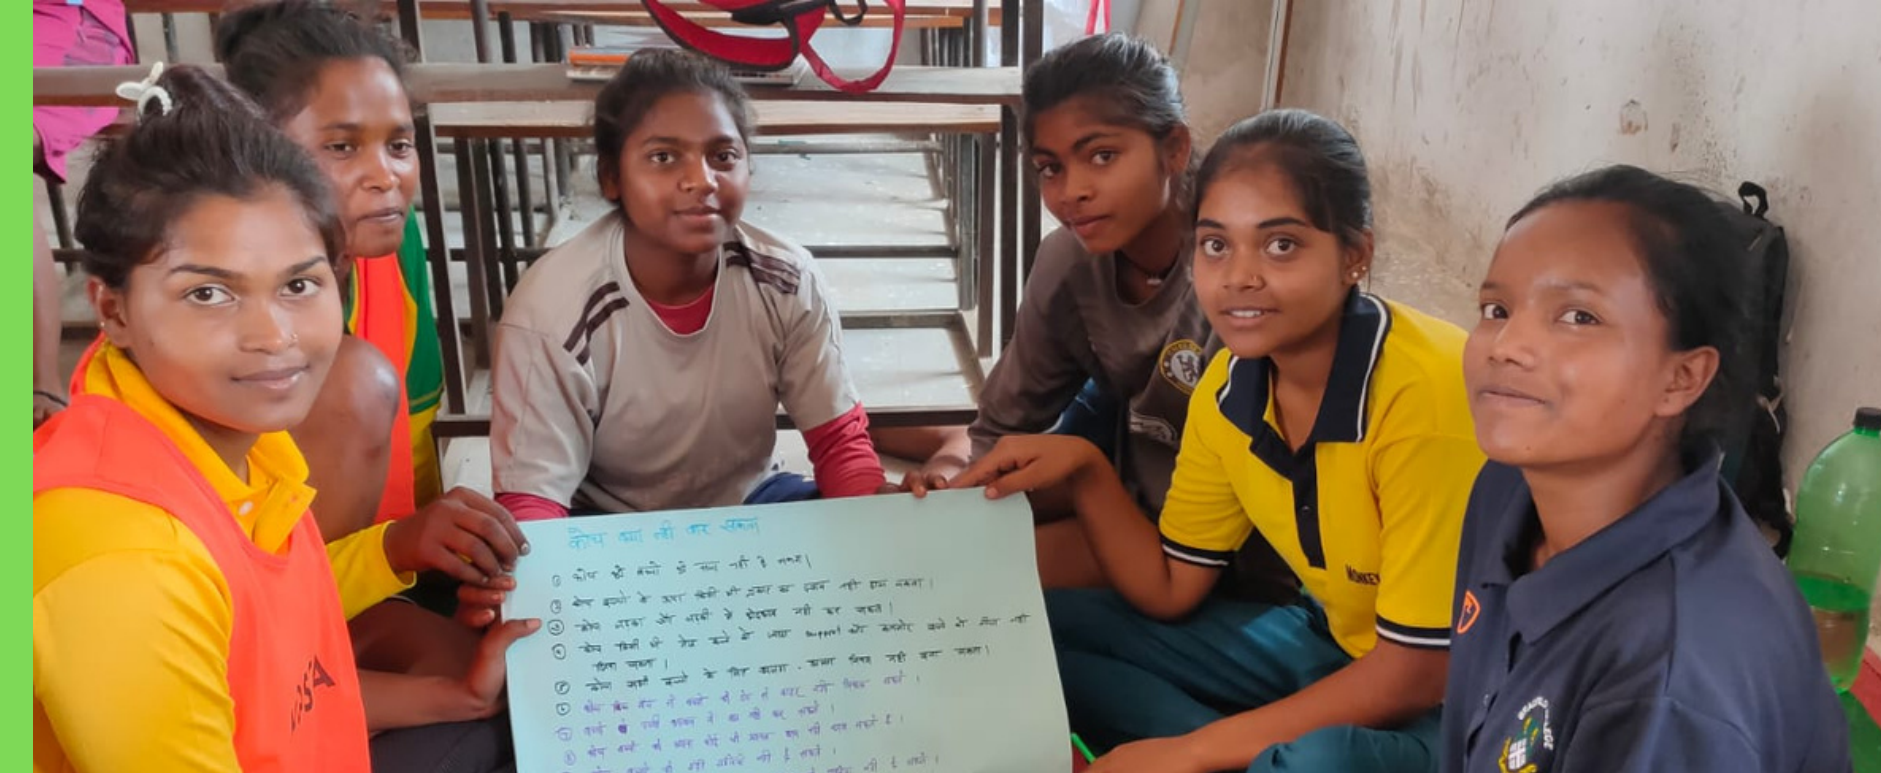

Got permission to work in 15 primary and middle government schools in the Raigarh district.

Regular Sessions

We conducted a total of 71 sports sessions for 27 children in the last three months.

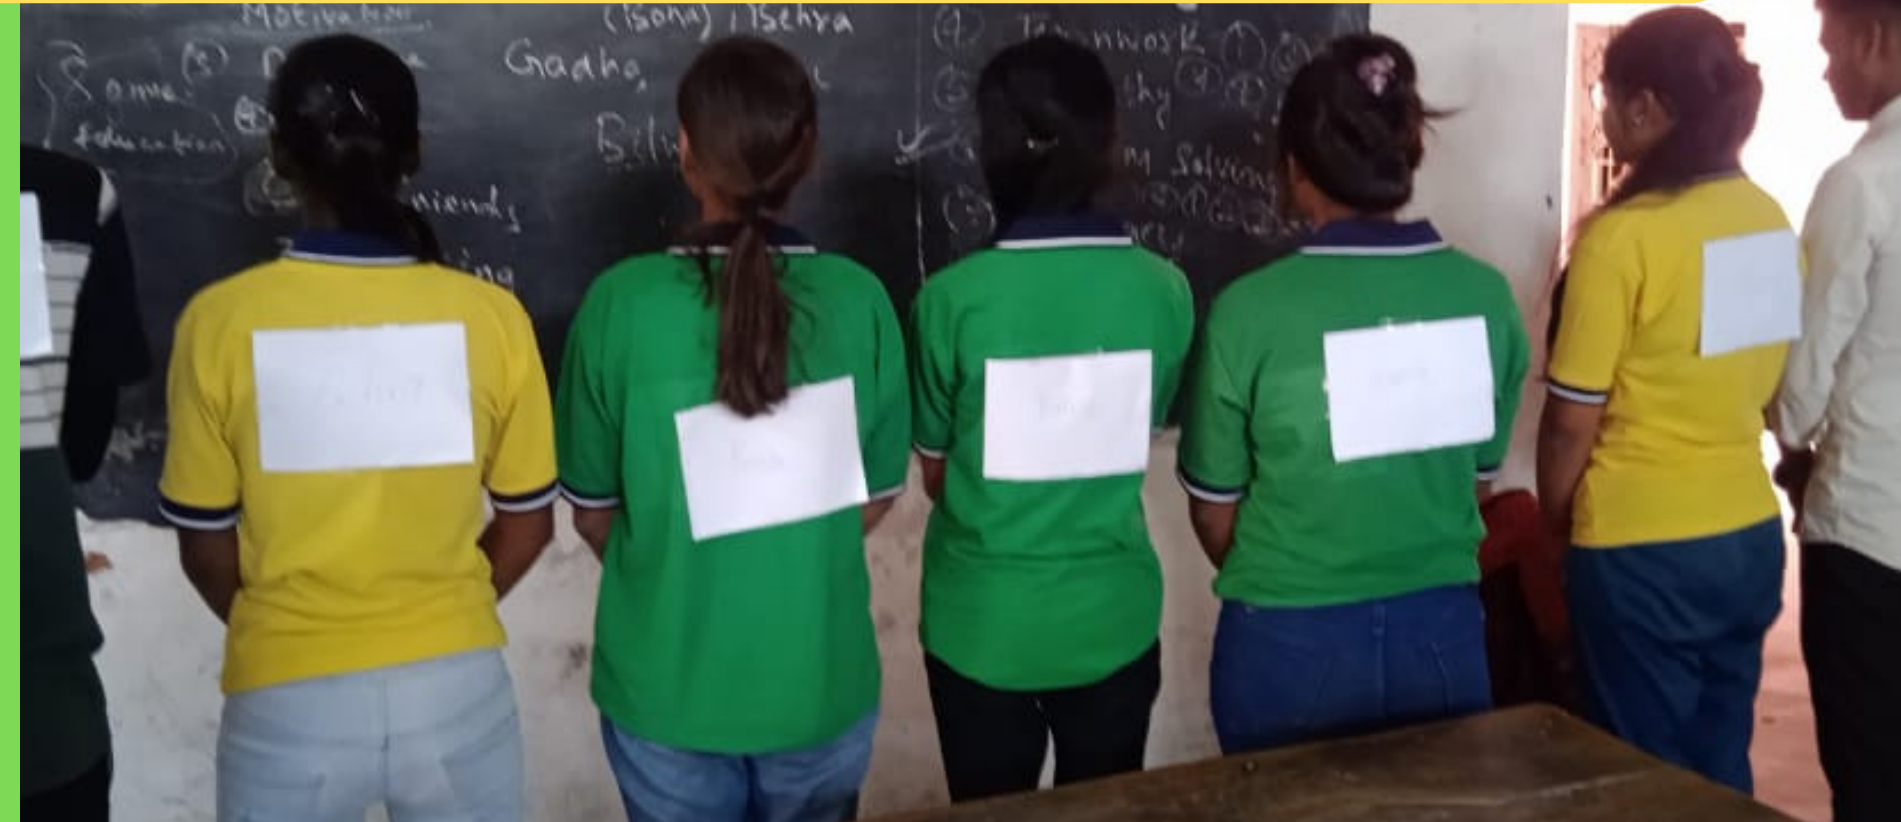

Initially, we planned to reach out to more than 100 children. However, because of budget issues and a few of our community youth left the organization we were able to work with only few children.

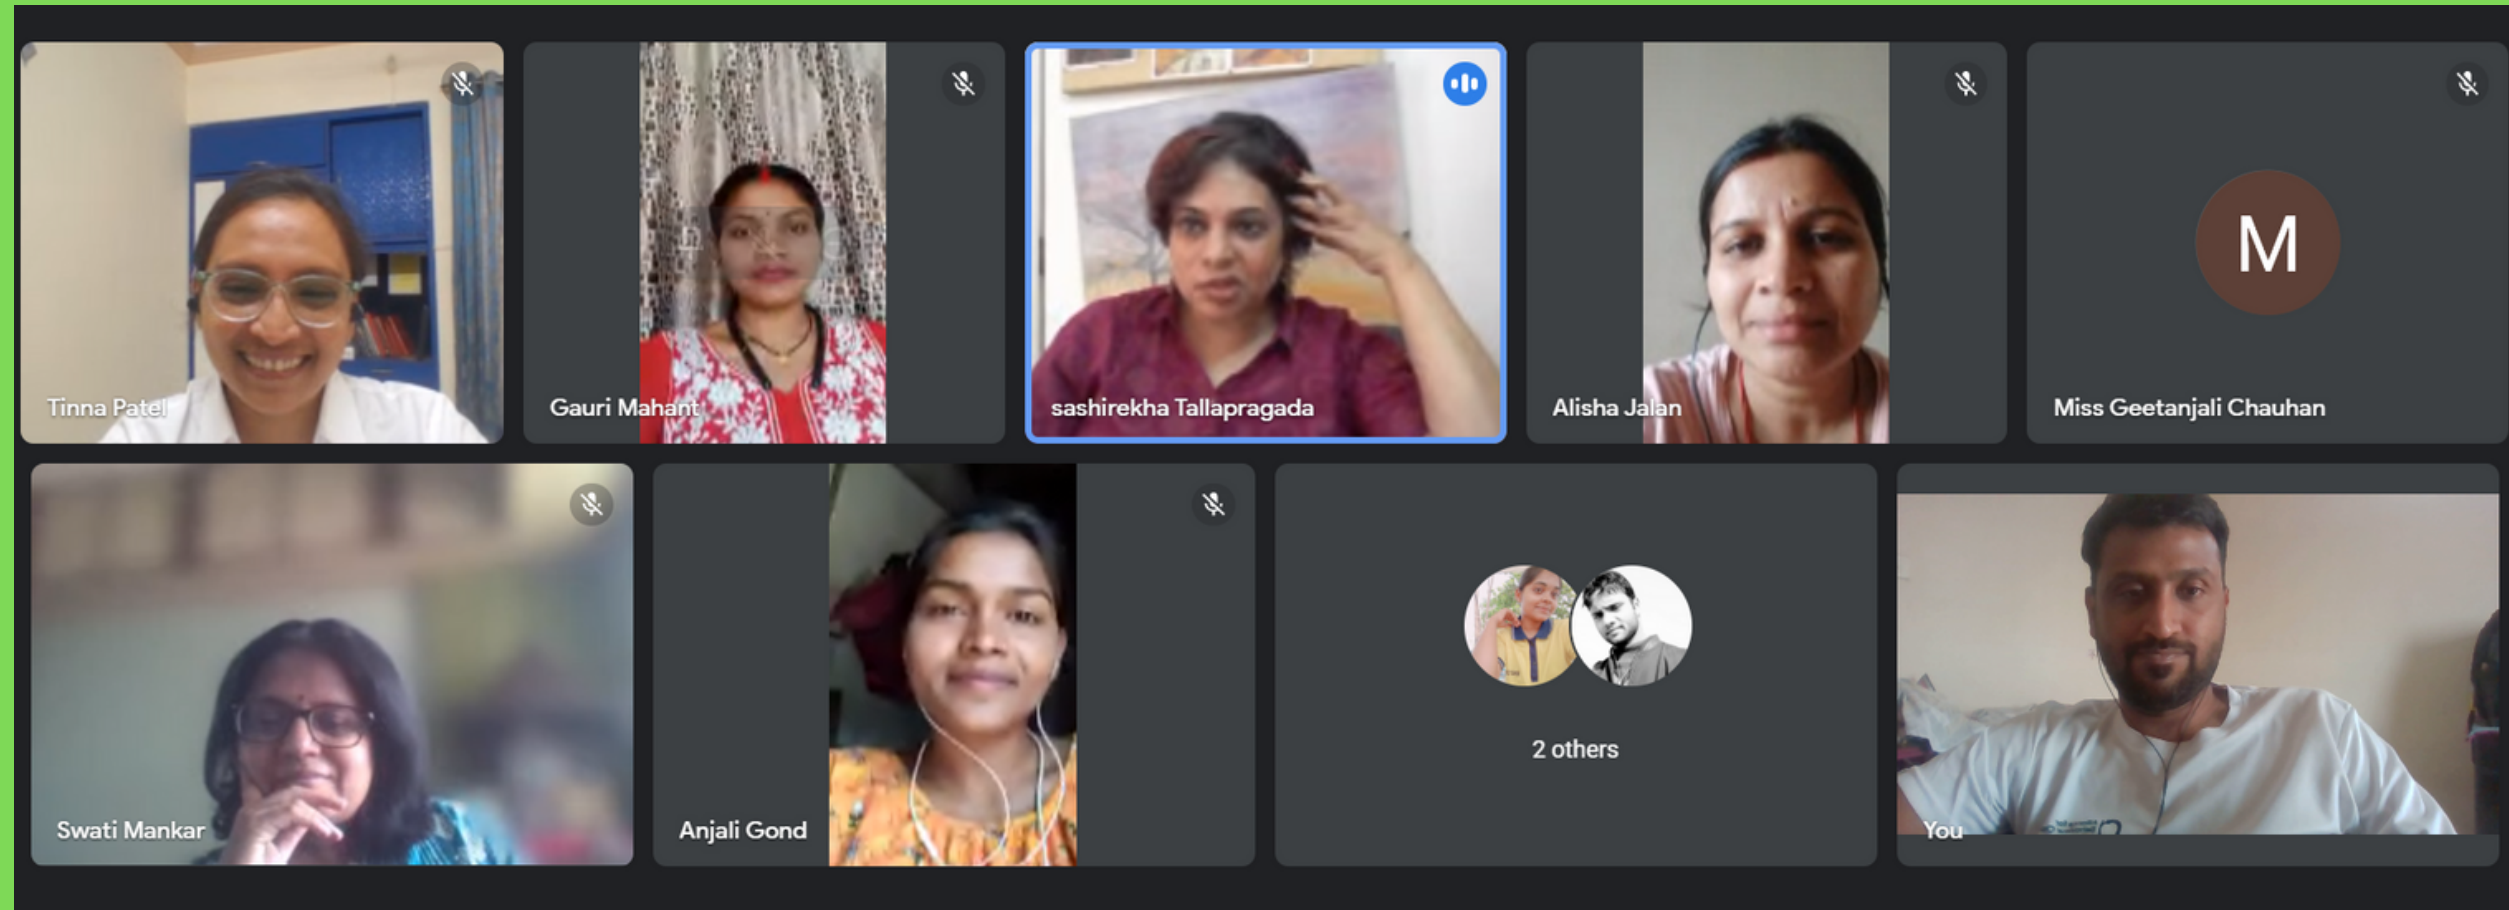

We conducted training for our 8 community youths to train children in the game of frisbee.

Two of our coaches also visited Ranchi to attend 5 days of training.

Online Call on Prevention of Sexual Harassment (POSH)

During a discussion with the team, we found that 4/6 members had faced some kind of sexual harassment. We realized how common the problem is!

We had a 2-hour online call with professionals who shared laws and practical tips to deal with such situations. The team found the session to be very useful.

Support

Sports Event and Training of Coaches

100% Raised
Rs.26,000 of Rs.25,000

9 supporters

We were successfully able to crowdfund to conduct our summer camp and training program for our coaches in Ranchi.

We received a used laptop from Smart ERP. It will help us to increase our digital work.

Networking

The Founder had an opportunity to talk about his journey with "Schools of Raigarh" channel.
