

July-September 2025

We conducted **39 sessions** this quarter out of the 63 planned. Heavy rainfall disrupted several activities. As a team, we realized that with the increasing unpredictability of weather due to climate change, we need to **strengthen our indoor activity planning**.

We reached out to **103 children** across **three hamlets of the Krishnapur community**. Our sessions this quarter focused on:

- Building **sporting skills**
- **Rapport-building** with children in a new hamlet
- Ensuring **inclusion, safety, and fun** in sports
- Distribution of 1700+ eggs.

We identified both children who are progressing well and those at risk of dropping out. We have also developed a strategy to provide **targeted support** to help these children attend sessions regularly.

In August, we published our **Annual Report** for the very first time in print. It was shared with our close donors, who have been supporting us for a long time, and showcased both in the community and

Impact Story - Anshu

We supported **Anshu**, a child who was at risk of dropping out of school. She had faced violence at home, which had affected her studies for years. This year, an error in her Aadhaar card nearly forced her out of school. Our team helped her secure admission and found a safe hostel for her, even though it is farther from home. We hope this marks a **positive turning point in her life**. [Read the full case study here](#)

When Dignity is at stake?

We learned from children in our program that they were being asked by teachers to wash their dishes. Despite raising the issue directly with the school, the practice continued. To safeguard the dignity of children, we have formally escalated the matter by visiting the **District Education Office, Child Protection Office, Collector's Office, and Child Labour Department**, and filing an official complaint. [Read the full story here](#)

Capacity Building of the team

Six-month incubation program

Our organisation has been selected for a **six-month incubation program** organised by **NSRCEL** at IIM Bangalore— a great opportunity to strengthen our organisational capacity and strategy.

Five-day workshop on *Rethinking Masculinity*

Two of our employees attended a **five-day workshop in New Delhi**. For both, it was their **first-ever flight experience**. They returned with valuable learnings, which they have reflected on and shared with the team.

Support our program with children in the community.
