

January-March 2026

For a long time, we've wanted to create something that truly shows what we do rather than just talking about it. We believe this video captures both the intent behind our work and the real outcomes we're seeing with children in a much more authentic way.

We would love for you to watch it and share your honest thoughts and feedback with us.

and emotional resilience, it has also led to a notable achievement—**securing the runners-up position at the district-level tournament.**

Strengthening Field Work Through Data & Monitoring

We're excited to partner with Samanvay Foundation to strengthen our sports-based programs for children.

With the support of their digital platform, Avni, we aim to improve how we track, monitor, and enhance our work on the ground—making our programs more effective, scalable, and impactful.

Our founder, [Kushal Agarwal](#), joined as a panellist on the topic “Sustainable Funding to Enhance the Role of Sport” at the **Krida du Paribartan Conference**.

It was a humbling experience to learn from fellow panelists who brought diverse

Training Program in Golaghat, Assam

Two of our team members, Tripti Yadav and Ripu Rabha, conducted an 8-day training in Golaghat, Assam. 50 volunteer coaches attended the training. Through their work, they will reach 1,500+ children across 50 villages in Golaghat district.

As we pilot our program in a government school in rural Raigarh, we introduced children and teachers to structured sports, many for the first time. While there was initial hesitation, stories from our existing programs helped spark curiosity.
